ALZHEIMER'S DISEASE IS A GLOBAL CRISIS WITH SIGNIFICANT LOCAL IMPACT.

MORE THAN
6 MILLION
Americans are living with Alzheimer's.

1 IN 3
SENIORS
dies with Alzheimer's or another dementia. It kills more than breast cancer and prostate cancer combined.

11
MILLION AMERICANS
provide unpaid care for people with Alzheimer's or other dementias.

In WISCONSIN, there are 120,000 people living with Alzheimer's and 196,000 caregivers.

Alzheimer's is a progressive and fatal disease, which is devastating our families, our finances and our future. As the leading voluntary health organization in Alzheimer's care, support and research, the Alzheimer's Association® addresses this global crisis by providing education and support to the millions who face dementia every day, while advancing critical research toward methods of treatment, prevention and, ultimately, a cure.

18%
went from full-time to part-time or cut back hours

16%
took a leave of absence
