# ALZHEIMER'S DISEASE IS A GLOBAL CRISIS WITH SIGNIFICANT LOCAL IMPACT.

Alzheimer's is more than just memory loss — it is a progressive and fatal disease. Currently, more than 6 million Americans are living with Alzheimer's and 11 million provide unpaid care for them. Locally, the disease continues to devastate our families, finances and future.

In Florida, there are:

- » 580,000 people living with Alzheimer's.
- » 806,000 people who care for them.
- » In 2021, these caregivers provided 1.2 million hours of unpaid care valued at \$20.6 billion.
