ALZHEIMER'S DISEASE IS A GLOBAL CRISIS WITH SIGNIFICANT LOCAL IMPACT.

Alzheimer's is more than just memory loss — it is a progressive and fatal disease. Currently, more than 6 million Americans are living with Alzheimer's and 11 million provide unpaid care for them. Locally, the disease continues to devastate our families, finances and future.

In Florida, there are:

» 580,000 people living with Alzheimer's.

» 806,000 people who care for them.

» In 2021, these caregivers provided 1.2 million hours of unpaid care valued at \$20.6 billion.

ALZHEIMER'S AFFECTS US AT HOME AND AT WORK.

6 in 10 caregivers were employed in the past year.

These individuals worked an average of

35 hours per week while caregiving.

18% of caregivers went from full-time to part-time or cut back hours.

Nine percent of caregivers gave up working entirely.

57% OF EMPLOYED CAREGIVERS HAD TO GO IN TO WORK LATE, LEAVE EARLY OR TAKE TIME OFF DUE TO CAREGIVING DEMANDS.

Six percent retired early.

JOIN US AS A LEADER IN THE FIGHT.

The Alzheimer's Association® addresses the global dementia crisis by providing education and support to the millions who face dementia every day, while advancing critical research toward methods of treatment, prevention and, ultimately, a cure.

Held annually in more than 600 communities nationwide, the Alzheimer's Association Walk to End Alzheimer's is the world's largest event to raise awareness and funds for Alzheimer's care, support and research. By sponsoring the event, your company can make a difference for families — including your employees and customers — facing the disease now and in the future.

Who are our national supporters?
